MANU GOBLET

SOFTWARE DEVELOPER / DATA STEWARD

// PROFESSIONAL PROFILE

As an experienced software developer with a passion for data analysis, I am seeking a new opportunity as a data insights professional. Proficient in a diverse range of technologies and skilled in development and data processing, I am team-oriented and driven to deliver impactful results. I am excited to apply my expertise and grow in the field of data interpretation and insights.

// WORK EXPERIENCES

Analyst developer 2011 - 2023
Partena Professional | Brussels

Maintained and implemented data workflows, specifically handling Dimona and Social Risk declaration (SRD) files and ensuring smooth transmission through the NSSO channel.

Developed monitoring and customer applications, demonstrating dedication to delivering valuable insights and meeting end-user needs.

Worked with diverse technologies, patterns, and architectures such as MVC, MVVM-models, and REST API.

Analyst developer 2007 - 2011
Emakina | Brussels

Analyzing user needs in order to implement .NET custom websites based on Emagic CMS. Teaching also the final users to administrate efficiently the final delivery.

Application developer 2007
Captor (Kronos) | Brussels

Maintenance of an application called EPS (Time management – HR solutions)

IT services 2006 - 2007
Keytech | Brussels

Development of a complete CRM (KeyOffice) from scratch in ASP.NET, C# based on atlas/webparts principles. Also took part in some punctual consultancy missions (troubleshooting, Operating systems and software installations)
